Blue Polypropylene Anti-Skid Shoe Cover

These economical shoe covers provide protection against dirt, grime, and particulates in non-hazardous environments. Anti-skid soles for better traction. Breathable, lightweight fabric helps keep feet cool. Recommended applications include food processing, pharmaceuticals, environmental cleanup, beauty, and more.

- Machine made featuring welded, heat-sealed seams.
- Fits up to a men's size 12 shoe or size 11 boot.
- Light blue color mask stains.
