

TOW GRIP 101

PRO SERIES

MODEL NO. 3126C

FEATURES KEYS & BENEFITS

Dual-Layer, Padded Cotton Palm: Gives user dexterity for operating machinery or other uses on top of durable and breathable cotton.

Flexible TPR: Targeted Impact Protection on fingers lets you work in tight spaces.

Reinforced Zip-Grip Saddle: Gives glove added grip control, and reinforces a high-wear area.

Form-Fitting Material: Adds breathability and comfort to back of hand.

Long-Cuff Design: Adds protection, comfort and "tear-away" ability with heavy machinery.

While oil and gas production sites are dangerous, not everyone is directly involved with the drilling process. The Tow Grip 101 features an industrial-strength cotton palm and back-of-hand impact resistance for the non-drilling positions on the rig. The industrial-strength, one-piece, padded cotton palm gives the user high dexterity for uses like operating machinery, and is reinforced with Kevlar® thread double stitching. Flexible Thermoplastic Rubber (TPR) shields add impact resistance for full back of fingers down to the fingertips, thumb, knuckles and metacarpals on top of form-fitting, hi-vis material. The neoprene long cuff covers the wrist, while allowing the user to pull out of the glove if caught in a pinch or machinery.

- OIL & GAS REFINING • EXTRACTION • FRACKING • MINING
- BARREL & DRUM HANDLER • BAT CHAIN PULLER • SEARCH & RESCUE
- HEAVY CONSTRUCTION • DEMOLITION • TOOL PUSHER • IRON WORKER
