Product information

Constructed with super absorbent fibres, this cooling vest is designed to keep workers cool for hours. Lightweight and easy to activate, the Cooling Evaporative Vest will keep the wearer cool without wetting the clothes underneath.

Cooling Vests

Portwest evaporative cooling products are constructed from Cooling 360° Fabric Technology which uses a unique polymer chemistry. Simply activate by soaking in water creating a chemical reaction within the fabric which enables the garments to act like a sponge; retaining water, keeping the body cool in hot weather conditions.
